New Approach In Educational Technology

◆ NET - New Approach In Educational Technology

E+ project NET promotes innovative teaching methods and didactical approaches that support the effective use of ICT in education. ICT learning materials, tools and actions are able to foster creativity, critical thinking and project-based learning, and promote the use of interactive methods for students' diversity.

◆ Intellectual Outputs

Apart from those results project will execute pilot sessions in all partner countries as well as dissemination conferences done near the end of the project.

◆ Modules

1. Planning the lesson
2. Interactive Resources and Multimedia Posters
3. Interactive Robotics Hardware
4. Virtual Worlds
5. Collaborative Tools and Social Media
6. Video and Image Processing
7. Gaming & Gamification
